### About Gregory Brown, MD

While Dr. Gregory Brown is examining and treating his patients' feet, he's also putting a smile on their faces. "I'm a man who cares about people," he says. "I was actually encouraged by many seniors to become a doctor. They told me I was a patient man and that's what they were looking for in a practitioner." After serving as a registered pharmacist for 10 years, Dr. Brown completed his advanced medical education and became a podiatrist.
