

“I love taking care of my patients, and strive to be the best provider I can possibly be.”

About Martha Alberti, MSN, RN, NP

Nurse practitioner Martha Alberti is passionate about cardiology and has focused on developing an expertise in cardiovascular care. She earned her bachelor’s degree in nursing from Skidmore College and her master’s from SUNY Health Science Center.

“I love taking care of my patients, and strive to be the best provider I can possibly be,” Martha says. “I do this by being an advocate, listening to what my patients’ needs are and providing quality, compassionate, respectful care to help them achieve better health.”

Martha and her husband have four children and five grandchildren. Her favorite place to be is where her family is. She also enjoys cooking and traveling; her favorite trip was to Germany.
