“It is a pleasure to take care of seniors. The best thing I can do is listen to my patients and help them keep living a good life.”

About Bhavna Balaney, MD

Board-certified physician Bhavna Balaney specializes in cardiology. In medical school and residency training she often worked with senior patients within the veterans health system. She feels cardiology and prevention is important for seniors and looks forward to putting her experience to good use at JenCare.

“It is a pleasure to take care of seniors,” says Dr. Balaney. “Sometimes they may look frail but they are pretty spunky! The best thing I can do is listen to my patients and help them keep living a good life.”

Dr. Balaney has a toddler and loves to spend time with her family, read, and try out new restaurants. She also enjoys traveling; Australia has been her favorite place to visit.
