

“Providing quality care for patients is my passion.”

About Shazia Naib, MD

Ever since Dr. Shazia Naib was in high school, she’s wanted to take care of people. “Providing quality care for patients is my passion,” she says.

Having worked in a variety of primary care and hospital settings, Dr. Naib especially enjoys leveraging her geriatrics specialty at JenCare. “I love getting to build connections with senior patients here while I treat them with compassion and help them make healthy choices,” she says.

When she’s not working, Dr. Naib likes to spend time with her husband and three children, read, cook, sew, watch TV and travel. She says her favorite travel adventure so far has been an African safari.
