

# LaToya Burke, NP

**“One of my biggest goals is to reduce health disparities and inequalities, especially among minority populations.”**

## About LaToya Burke, NP

LaToya Burke has always been enthusiastic about public health and educating others. As a nurse practitioner, she is able to care for others while educating patients on preventative care. She explains that one of her biggest goals is “to reduce health disparities and inequalities, especially among minority populations.” LaToya Burke is an avid reader and enjoys keeping up with the latest medical advancements through medical journals. She says her favorite part of her profession is “seeing the positive outcomes in patients.”

In her free time, LaToya Burke enjoys shopping, cooking, and spending time with her family. She would love the opportunity to one day travel to Africa— either on a vacation or a missionary assignment.
