

**“Throughout my medical training, I realized one of the most important things for me is advocating for others.”**

#### **About Yu Chen, DO**

As a physician, Dr. Yu Chen loves the opportunity to not only care for patients but also help them navigate the healthcare system. “I wanted to take care of others, but throughout my medical training, I realized one of the most important things for me is advocating for others,” he explains. Dr. Chen enjoys getting to know patients beyond their medical conditions and wants them to “feel that they are a part of a family.” He adds that he wants patients to enjoy their lives “without having to worry about their health.”

When not with patients, Dr. Chen loves spending time with family and friends. He also likes playing games and used to participate in fencing using an epee. Dr. Chen enjoys learning about new hobbies and activities.
