

**“I love helping patients rediscover their bodies’ healing potential on their way to reclaiming healthy and active lives.”**

#### **About Kyle Walsh, MAOM**

Kyle Walsh loves “helping patients rediscover their bodies’ healing potential on their way to reclaiming healthy and active lives” as an acupuncturist. He says it is an honor to work with the senior population and strives to reduce pain. He enjoys getting to know his patients and strives to “set clear expectations” on how they’ll proceed. Kyle Walsh explains that commitment is very important in the success of acupuncture. “Acupuncture is a therapy that sometimes requires months of treatment before significant changes are realized by the patient,” he says.

In his free time, Kyle Walsh loves hiking with his wife and kids. He has also practiced tai chi for years and loves sharing dad jokes with his patients.
