

### About Anita Pierre-Antoine, MD

Dr. Anita Pierre-Antoine loves learning about her patients, especially “how they see the world and their overall health.” She is appreciative of the mentorship and guidance she has received from the senior population since she was a child, so she is grateful for the opportunity to give back to them. She strives to keep her patients “happy, healthy, and fulfilled.” Dr. Pierre-Antoine likes to remind all her patients “that they are wonderfully and beautifully made.” She consistently reads medical literature to keep up with new advancements.

When not caring for patients, Dr. Pierre-Antoine loves spending time with her husband and daughter. She also enjoys reading, journaling, and watching movies on the Hallmark Channel.
