“I really enjoy the relationships I have with my patients. I love hearing patients' stories and the lives they have lived.”

About Brian Earley, DO

Dr. Brian Earley is appreciative of the time he can spend communicating with people as a physician. “I really enjoy the relationships I have with my patients. I love hearing patients’ stories and the lives they have lived,” he says. He especially loves caring for his senior patients. “I don’t feel that seniors in today’s society get the attention they deserve and want to do what I can to change this,” he says. He emphasizes the importance of primary care and believes in focusing on disease prevention.

In his free time, Dr. Earley can be found going to the movies or listening to live music with his family. He also enjoys playing pickleball, disc-golf, and tennis.
