

**“I want my patients to be able to count on me to deliver the best care that I can.”**

#### **About LaTasha Reid, MSN, NP-C**

At twelve years old, LaTasha Reid stumbled upon a CPR book, which ignited her interest in medicine. “I love working with people and making a difference in their lives. People are usually at their most vulnerable when they are seeking healthcare and to just be able to help them in any way that I can is so fulfilling,” she says. She is a dedicated patient advocate. “I want them to be able to count on me to deliver the best care that I can,” she says. If she could, she would reduce health disparities in underserved communities. “Everyone should receive equal care despite their race or socioeconomic status,” she says.

In her free time, LaTasha Reid loves spending time with family. She also enjoys traveling and watching cooking shows.
