

“I love helping to make people's lives better, and I use healthcare as my means of giving.”

About Trevecca Shaw, DPM

Dr. Trevecca Shaw’s interest in healthcare began as a child. “I love helping to make people’s lives better, and I use healthcare as my means of giving,” he says. His favorite part of being a podiatrist is getting to know his patients and their families. He always approaches patient encounters with a listening ear and a non-judgmental mindset. “I absolutely love the senior population,” he says. To help patients improve their quality of life, he encourages them to stay active. He often converses with colleagues, attends seminars, and reads articles to stay up to date with the newest medical advancements.

Dr. Shaw considers himself a foodie and a fitness enthusiast. He also enjoys traveling and has an extensive comic book collection.
