

“Knowing I can improve someone's health or outlook keeps me passionate and motivated everyday.”

About Fnu Ayesha, MD

For Dr. FNU Ayesha, the greatest part of working in healthcare is “being there for people in their time of need and making a meaningful difference in their lives.” She explains, “Knowing I can improve someone’s health or outlook keeps me passionate and motivated every day.” She wants patients to “feel valued and understood” and likes “providing personalized care and emotional support tailored to their needs.” She aims to “create mutual respect and understanding” by “addressing both medical and social concerns” of her patients.

In her free time, Dr. Ayesha loves spending quality time with her family and makes it a priority to keep up with her family in Pakistan. She enjoys exploring new restaurants and trying new desserts (gulab jamun, chocolate and cheesecakes are her favorite).
