About Sherley Chhibber, MD

Dr. Sherley Chhibber says the curiosity and interest in solving puzzles that she had as a child has translated into her role as a physician. She explains, “I’m driven to uncover and address the underlying issues affecting my patients.” She upholds “a deep sense of compassion and responsibility” in her practice. She likes caring for patients holistically, aiming to improve both their physical and mental health. She explains that by providing emotional support, she helps patients “maintain their independence and health, which in turn provides better health outcomes.” She believes healthcare should be “affordable, streamlined, and coordinated.”

In her free time, Dr. Chhibber loves traveling and enjoying quality time with family.
