

**“I always create an open environment where my patients can share their concerns.”**

#### **About Saurabh Yadav, MD**

Growing up in a rural part of India, Dr. Saurabh Yadav's father taught him “the pride of giving back to the community.” He explains that upon his return from medical school, he “realized the burden of diseases, poverty, and healthcare inaccessibility.” He takes a holistic, patient-centered approach to care, considering the “physical, mental, social, and spiritual well-being” of his patients. He promotes a positive outlook and is dedicated to improving the quality of life for his patients, especially seniors. “I always create an open environment where my patients can share their concerns,” he explains.

In his free time, Dr. Yadav enjoys cooking for family and friends, working in the yard, and playing golf with his wife.
