“Nothing brings me more joy than ‘growing’ with my patients.”

About Miltonia Woluchem, MD

Dr. Miltonia Woluchem’s interest in the medical field began at a young age. Growing up, she enjoyed volunteering at a local clinic. “I was even more inspired to become a doctor when I met and shadowed the first female physician who served our community on a two-year assignment,” she explains. She especially values the opportunity to care for the aging senior population. She treats all patients with respect and compassion and wants them to know that she views their relationship as a “partnership.” “Nothing brings me more joy than ‘growing’ with my patients,” she adds.

Dr. Woluchem loves spending her free time with her husband and family. She also enjoys traveling and taking ballroom dancing lessons.
