**“I will make sure to address all their needs and educate them at the same time of their plan of care.”**

### About Karla M. Jarvis, MSN, FNP

Karla M. Jarvis loves “to take care of people and help them with their health journey.” She explains, “I will make sure to address all their needs and educate them at the same time of their plan of care.” Karla views her relationship with patients as “a team,” explaining, “I listen to them and allow them to give me all their information.” She adds, “I love to have a good time with them.” The senior population has a particularly special place in her heart. “I want to make sure they have the best care,” she says.

When she is not caring for patients, Karla can be found enjoying quality time with her family and her sorority. She also enjoys traveling, shopping, and line dancing in her free time.
