“I’m particularly drawn to working with the elderly population, not only because I believe I can make a meaningful impact on their quality of life, but also because they offer a unique perspective and wealth of knowledge”

About Andrea del Cisne Benavides Ordonez, MD

Dr. Andrea del Cisne Benavides Ordonez’s desire to help others led her to a career in healthcare. “I’m particularly drawn to working with the elderly population, not only because I believe I can make a meaningful impact on their quality of life, but also because they offer a unique perspective and wealth of knowledge,” she says. She loves empowering patients to “help them approach their health in a way that aligns with their values and beliefs while ensuring respectful and appropriate care.” She fosters strong relationships through “clear communication, transparency, and an open, non-judgemental approach.”

Andrea loves spending her free time with family, friends, and her dog. She also enjoys hiking and learning about robotics.
