“I adapt to the needs of each patient by listening to them.”

About Angela Martine Bell, MD, FACP, DipABLM

“Helping people understand their medical conditions” is Dr. Angela Martine Bell’s “calling.” She especially loves “empowering patients with education,” explaining, “I adapt to the needs of each patient by listening to them. […] I try to meet them where they are in terms of health literacy and readiness to change.” She believes in a “holistic approach” to care and encourages patients to always “advocate for themselves.”

Angela is a huge sports fan and has a certificate in Lifestyle Medicine and Sports Medicine. She especially loves football, basketball, gymnastics, and tennis. When she isn’t caring for patients or participating in sports, she can be found trying new recipe or playing the piano and guitar.
