**“No two patients are the same, and having the opportunity to positively impact a patient's life is what inspired me to pursue a career in medicine.”**

### About Sagar Vadhar, DO

Dr. Sagar Vadhar was drawn to medicine by its challenges and its purpose. "No two patients are the same, and having the opportunity to positively impact a patient's life is what inspired me to pursue a career in medicine," he says. As a board-certified cardiologist, Dr. Vadhar is especially passionate about caring for the senior population. "Heart disease is the #1 cause of mortality in seniors," he says. "As a cardiologist, it is my duty to mitigate that statistic."

Dr. Vadhar believes that any lasting relationship — including the patient-provider relationship — is built on effective communication. He listens carefully to his patients while offering evidence-based options that preserve their autonomy and inform their decisions.
